|          |              | HSBC       | Statement | .csv   |
|          |              | Lloyds     | Statement | .csv   |
|          |              | Nationwide | Statement | .csv   |
|          |              | NatWest    | Statement | .csv   |
|          |              | Santander  | Statement | .csv   |

### How do I download my financial statement data?

Each bank will have different instructions to download your monthly statements. There is usually an 'export' or 'download' function when viewing your current statement within your account. Please follow your bank's user guides. If available, please make sure to download your statements in a **CSV format** rather than **PDF format** so it can be easily processed on the platform.
